## Profile Summary

---

Highly motivated Third-year Computer Science student with a focus on Data Science. As a Data Science student, I have explored applications of Data Science and Data Visualization concepts, always eager to embrace new technologies, seeking opportunities to apply data-driven insights in real-world problems. Additionally, my experience as a math tutor has sharpened my communication and mentoring abilities.

## Education

---

- Ballari Institute of Technology and Management CSE -Data Science 2022-2026  
7.92/10
- Narayana Junior College 2022  
Class XII  
75%
- Narayana School 2020  
Class X  
87%

## Skills

---

- Python
- SQL
- Data Science concepts
- AIML concepts

## Projects

---

- Hand Gesture Recognition for Cursor Control  
Applied the concept of Computer Vision, mediapipe and PyAutoGUI to control the movement of cursor  
<https://github.com/sreenivas2003>
- Visa Issuance Tracker  
<https://github.com/Tsreenivas/Python-Internship-Project>
- Banking Management System (DBMS)  
<https://github.com/Tsreenivas/Project-work>

## Courses And Certifications

---

- BI Tools and Tableau Analytics
- NoSQL and MongoDB
- Introduction to Data Science
